Subject Re: Ayrford-1 

Gordon  
As spoken, we have no issue with the P&A operations. Signed formal letter will be sent on Monday.  
Approval need to be signed by delegate of the Minister.

Essential can commence P&A operations.

Regards  
David

Subject Ayrford-1

Dear Terry

Essential Petroleum has drilled Ayrford-1 to a total depth of 1622 m. Gas shows in the Waarre Fm have been evaluated with wireline logs and formation pressure measurement. A pressure gradient indicating a water-bearing sand was recorded. Essential Petroleum believe the well has been effectively evaluated and that no commercial hydrocarbons are present. Essential seeks assent to plug and abandon the well. A plug and abandonment program and the wireline log is attached. We will send through a letterhead version when the office is open on Monday.

Best regards  
Essential Petroleum Resources Limited  
Gordon Wakelin-King  
Consulting geologist
