Subject Re: FW: Approval to Plug & Abandon - Speke South-1

Casey

I refer to my telephone conversation with Tom (Junker) this afternoon and confirm that we have no issue with the P&A of Speke South-1 as per the program and configuration submitted through email (as quoted below) today.

However, DA signed approval letter will only be sent on Monday 21 April 2008. This email serves to convey verbal consent for commencement of P&A operations for the Speke South-1 well.

Please call me if you need to discuss the above or that the program is changed significantly.

Regards
David
