Stop Card of the Week

21 May 2006

ANZON stop card of the week winner is Rhyse Bartlett who, using the Stop observation techniques, observed a new man on rig floor with bad hand placement while using manual rig tongs. Rhyse stopped the man and showed him the correct hand placement and technique for working the tongs. Thanks to Rhyse for looking after other team members safety as well as his own, and also for using his experience to instruct new team members in correct safe working practices on the rig floor.

“Nobody gets Hurt”!
